WE EXPANDED

We extended our impact locally, nationally, and internationally by strengthening existing relationships and forming new, influential partnerships.

- Hosted a briefing for the Senate Caucus to End Human Trafficking
- Sent a delegation to Ethiopia to evaluate the Eritrean refugee situation
- Advised Uruguayan officials on their developing refugee resettlement program
- Participated on a panel at the Clinton Global Initiative
- Presented at the National Press Club concerning the Syrian refugee crisis
- Testified before Congress regarding refugee security screening
- Represented our cause during Global Diaspora Week 2015
- Provided research for Politifact and Factcheck.org

Yes, [the Syrian refugee crisis] is very complex. But people are dying and that’s not complex. People need help and that’s not complex.

2015 was a low point for humanity – the world inadequately responded to the ongoing global refugee crisis. We did not waver in championing our cause. Instead, we took the lead to educate decision makers and advocate for what we thought was right. We expanded our reach through partnerships to build local communities of opportunity and demand a global standard of dignity for the uprooted. We renewed our energy with a refreshed brand and a new web presence to harness the courage of our supporters and tell the inspirational stories of the people we serve. No matter the state of the world, we will continue to insist that everyone, everywhere, has equal value.

Mission: To protect the rights and address the needs of persons in forced or voluntary migration worldwide and support their transition to a dignified life.
